RUSSIAN GOVERNMENT TOTTERING

Brotherhoods Will Modify Their Plea For Big Overtime

Will Be Satisfied With Pro Rata Payment For Overtime Instead of Time and Half Time

JOINT MEETING IS BEING HELD TODAY

(By United Press)
New York, March 14.—Bulletin—Railroad Brotherhood leaders and representatives of the railroad heads will meet in New York today to discuss the eight hour day. Neither side showing any indications of yielding. The possibility of intervention by President Wilson to avert the strike is looked for.
The Brotherhoods have modified their demands asking for an eight hour day with pro rata pay for overtime. The demand March 1916 was an eight hour day with time and a half for overtime.
The proposed strike will start in the east Saturday night and work westward tying up all the freight lines by Wednesday night at six. At that hour the strike will effect all passenger trainmen.
The first managers attending the eight hour conference arrived at headquarters today gave out "unofficially" that the railroad heads are inclined to compromise with the Brotherhoods.
It was said that the railroad managers would negotiate with the Brotherhoods hoping to prevent a strike until Monday when it is believed the supreme court will make known its decision regarding the constitutionality of the Adamson eight hour law.
The railroad managers and representatives of the four big Brotherhoods went into conference at the Grand Central Terminal promptly at 11:30. The railroad Brotherhood representatives were cordially greeted by every member of the railroad's conference committee as they walked into the room.
Realizing that the strength of the combined Brotherhoods must be known by this time the representatives of the four big Brotherhoods presented to the railroad managers a resolution passed at the recent meeting held in Chicago giving the railroad Brotherhood chiefs the right to call a strike.
The resolution is as follows: "Resolved, That if the Supreme court finds that the Adamson law is in violation of the constitution that this body go on record as authorizing its chief executives of the four organizations representing this body to convene in general committee any railroad or group of railroads and proceed as they deem best with full authority to call all men representing the four Brotherhoods on strike if necessary." At 12:35 the meeting adjourned and the men went to lunch.
W. G. Lee of the Brotherhood told newspaper men that nothing would be given out for publication until after four this afternoon, when an adjournment may be taken.

Novel Way of Solving High Cost of Living

Fourth Ward Gentleman Bought Goods on Credit of Another

Pete Mardet, of the Fourth Ward, went a long way toward solving the high cost of living problem, if the allegations contained in an information made by Tony Martin before Spire James A. Milligan on Monday are true. According to the information, Mardet had been representing himself as Martin and buying meat at Hayle's Fourth Ward meat market on the latter's credit. When pay time came Mardet failed to produce and when the proprietor went down to the sewer pipe works to collect his bill he was very much surprised to find that the man who represented himself as Martin and Martin himself were two different men.
When explanations were made an investigation resulted in locating the food financier and Mardet's arrest followed, because as Mr. Martin says he pays his bills and didn't want anybody buying goods on his credit and getting him in wrong.

BEULAH MAY SHIMMEL

(By United Press)
Miss Beulah May Shimmel, daughter of Mrs. Susie and the late M. F. Shimmel, residing near Wallacetown, died this Wednesday morning at the Cottage State hospital from pneumonia, with which she was taken ill at Clearfield on Monday, March 5th. She was brought to the hospital on Saturday afternoon, her condition at the time being very critical.
Deceased was born near Wallacetown on January 14, 1892, making her age 25 years and 2 months. She was a member of the Church of God, and a lovely young girl, whose death will be mourned by many friends. Her passing is a severe blow to the members of her family, her father having died only about five weeks ago.
Surviving are her mother and five brothers and three sisters, viz: Homer, Jeanette; Berva, wife of Henry Willett; of West Decatur; Eva, wife of Dorsey Mease, of West Decatur; Ellsworth, of Wallacetown; and Wesley, Esther, Clyde and Willard, all at home.

ANOTHER LARGE FIRE AVERTED BY ALERTNESS

Blaze Last Night at Seven O'clock Started From Electric Heater On Third Floor

CURRENT HAD BEEN LEFT ON

The fire alarm which sounded last evening about 7:45 for a slight blaze at Leitzinger's store served to demonstrate the unusual promptness and efficiency of Clearfield's Volunteer fire department and should go a long way toward convincing the townspeople generally that every dollar put into fire department expense and equipment is really a dollar invested for the future, where proper returns are absolutely necessary. Thanks to the fact that each company possesses desirable quarters a large number of the members of each company were about their respective hose houses and when the alarm sounded were on the job like regulars and within five minutes from the time "Mooley" opened all four companies were at the scene of the fire with their apparatus.
Fortunately their services were not needed this time, but they were "Johnnyes on the spot."
The fire occurred on the third floor of the huge Leitzinger store and was caused by the business end of an electric water heater coming in contact with the lace curtains on the front window. The heater was used for heating water and when last used was allowed to hang on its cord along the window, the electrode resting among the folds of the window curtain. When the lights were snapped off in the office the juice was shut off from the heater, but as it had not been turned off at the socket where it was attached, when the lights were again turned on last evening, while one of the members of the firm was doing some work after supper, the heater got its full share of juice and a few minutes after the flimsy curtains burst into flames.
Chief McHenry and Officer Eddie, who were standing opposite, saw the blaze and with several citizens pushed across the street into the store and with the assistance of A. E. Leitzinger, who was in the office at the time, had the curtains down and a bucket of water ended the excitement.

ADVISES GERMAN BARBERS TO BACK WILSON

(By United Press)
New York, March 15.—The German proprietor of a string of barber shops here today sent a circular to all of his foreign born employees urging them to "stand behind the President, what ever decision he may make." The writer is a native of Germany who has made all he has in the United States.
"You, or your fathers before you," says the letter, "came to this country seeking social and political liberty. That you should retain in your heart the love of your Fatherland is but natural. But now that the country of our adoption is itself threatened by the danger of war in the defense of the honor and integrity of its people and its institutions, there is no allegiance which can be yours save that single, absolute and undiluted allegiance to America."
"Stand behind her as one man in her hour of crisis, even though you be brought into conflict with your own blood and bone."

AMES A. GLEASON, ESQ. TO SPEAK IN PHILA.

James A. Gleason, Esq., whose name as an orator is fast becoming nation-wide, has received and accepted an invitation to be one of the principal orators at the annual meeting of the Friendly Sons of St. Patrick in Philadelphia next Saturday evening. The event will take place at the Bellevue Stratford and reservations have been made for 600 people. The toast "The United States," will be responded to by Senator J. Hampt Lewis; "Philadelphia," by Mayor Smith, of that city, and "Pennsylvania," by James A. Gleason. It will be one of the notable events of the St. Patrick Day celebration and it is a high honor to be invited to deliver an address.

FLORIDA K. OF P.

Lakeland, Fla., March 14.—This city is in gala attire in honor of hundreds of visiting Knights of Pythias, who assembled here today from all parts of Florida for the annual Grand Lodge meeting. Splendid entertainment has been provided for the visiting Knights and the Pythian sisters, who are also holding their annual session. The proceedings will continue until Saturday.

HURRIES WEDDING FEARING WAR CALL

(By United Press)
New York, March 14.—Because they fear a call to arms at any moment might interfere with the wedding they planned for Easter, Miss Penelope Sears and Sherman Phelps Platt, a nephew of the late United States Senator Thomas C. Platt, were married here today. Platt is a member of Squadron A, N. Y. N. G., and is subject to call at any moment.

EMBARGO PLACED

Chicago, March 14.—Five railroads entering this city have placed an embargo on live stock and perishable shipments which will not reach their destination before the time set for the strike order to become effective. The railroads placing the embargo are: Baltimore & Ohio, Southern railroad, Big Four lines, Illinois Central and Frisco.

GRAYSON IS CONFIRMED

Washington, March 15.—Dr. Cary T. Grayson, past assistant surgeon of the navy and President Wilson's personal friend was confirmed as medical inspector of the navy with the rank of rear admiral by the senate today.

TARIFF BOARD MEMBER REMEMBERED IN HOUTZDALE

David T. Lewis who was appointed a member of the Tariff Board from the state of West Virginia is well remembered around Houtzdale, Ramoy and Brisbin. Young Davy Tom Lewis as he was known there came to the home of Joseph Harrison, a friend minister of Houtzdale at the age of about thirteen and made his home there for several years. He was practically an orphan, his mother being dead and his father unable to care for him. Rev. Harrison befriended him and it is probably to his guidance that the young member of the Tariff Board owes his success. It is said that when young Lewis came into the home of the Harrison he asked Mrs. Harrison if he might not call her "mother," that he desired to have a mother and be treated as one of the family. His request was not denied and he is still regarded as one of that family.
Mrs. R. C. Shaw of this city is a daughter of the Rev. Joseph Harrison and was much pleased to hear of the success of the young man who was a member of their household.

Wright lot on Corner of Third and Market Leased for Show House

We are informed that negotiations have been concluded which will result in a moving picture theatre being located on the W. V. Wright homestead lot on Third street, opposite the Windsor hotel. A temporary structure in the nature of a tent constructed for the purpose will be erected and the theatre opened just as soon as it is possible to get the stuff on the ground.

A CLEARFIELD COUNTY BOY

Judge I. L. Albert, the new United States Senator from Nebraska, is a native of Decatur township, Clearfield county, being a member of that well known family which has resided in Decatur township for four generations.

Senator Albert is a brother of Mrs. W. I. Curley of South Second street, and visited her several months ago. He has long occupied a prominent place in political circles in Nebraska and his success is only another evidence of the pluck, perseverance and ability of the Clearfield county boy who goes out into the world to wage life's battles. They can generally be depended upon to take care of themselves, and we rejoice with Senator Albert's host of Clearfield county relatives and friends over his remarkable political success and achievement.

SLIGHT FIRE IN WRIGLEY ADDITION

There was a slight fire in one of the tenement houses in the Wrighley addition just outside the borough limit last evening about 5:30 o'clock, but it was fortunately extinguished without a general alarm having been sounded. Very little damage was done.

Miss Hahn and her trainees have returned from both the eastern and western cities, where they have been looking up the new spring spruce. Miss Marie Confer, late of Gage's New York, has been added to her already competent corps of workers. Look for the announcement of their opening.

Duma And Army, Both Powerful Elements in National Life Are Behind Revolution

WOMEN'S CLUB TO CONTINUE ITS RELIEF WORK

Enthusiastic Meeting Held At Home of Mrs. Thayer; Paper Read By Mrs. W. O. Wilson

BELGIUM FUNDS GO SAFELY

The Womans' club met Tuesday afternoon in regular bi-monthly session at their clubrooms, the president, Mrs. H. Clary Thayer, presiding.
The committee on Belgian Relief work reported two hundred and forty dollars (\$240) donated by the people of Clearfield. This sum will keep 20 children from starvation for one year. A motion to make the present committee on Belgian relief consisting of Mrs. Philip Reed, chairman, Mrs. John Martin, Mrs. Musser and Mrs. Webb Shillingford, a permanent one, was carried. This is done in the hope that each month amounts, large or small, will be given by our community toward this much needed work. Twelve dollars will keep one child for one year. If there can be found 120 people who will pay 10c per month, such month will see one more child provided against starvation for a year.
Let us not forget, nor neglect the suffering children of Belgium.
The club at request of Mrs. Thayer unanimously pledged their help in case of need to the Red Cross units already organized in Clearfield.
Mrs. W. O. Wilson, assisted by Mrs. E. J. Bouton, had charge of the program on the Home Maker's Responsibility and Health in Our Town.
Mrs. Wilson's very excellent paper defined what health in relation to the individual means to the community and how we can help in the prevention of disease in our town. To the individual she recommended plenty of fresh air and sunshine, frequent cold baths to tone up the nerves and bring the glow of health to the skin and proper clothing to prevent even the slight chilliness which is so uncomfortable and often leads to serious results.
One very forceful suggestion was made concerning community health in regard to the cleaning of our streets. Dust which is allowed to gather on pavements, is blown about, carrying all manner of germs with it, and is a constant menace to health. Paved streets should be cleaned several times a week. Unpaved streets should be sprinkled daily in summer during dry weather.
Mrs. Bouton condemned the habit of eating talk which was partly reminiscent, as she told of instances in which sanitation has improved over the "good old days." Today we work along lines of prevention instead of holding to the theory that every child must have certain diseases. But even though we have all the present day helps, there is room for improvement. It is only by considering our neighbor and complying with written and unwritten laws in regard to sanitation that we can make our town the best place in which to live.
Mrs. Bouton condemned the habit of worry to which Americans seem especially addicted, as a real disease, which poisons the system and carries many ills in its wake, besides doing absolutely no good. It is a contagious disease for which there is no quarantine, so let us beware of it. It can be cured by patience and persistent effort, and without it life will be richer and sweeter to all around us.
The club was much indebted to the above mentioned ladies who gave such a successful program.

Mr. Hoover, who has charge of the relief work of the United States has sailed back to Europe, but before leaving stated that although the United States would carry on the Belgium

Pro-German Officers in The Russian Government Are to be Deposed and Pro-Ally Men Put in Their Places

CZAR NICHOLAS IS LIKELY TO ABDICATE

By Ed. L. Keen
London March 14.—The revolution has succeeded in Russia. The Czar may abdicate, the Duma and the army—both powerful elements—are combined for overthrowing the government. The object was to drive out of the government forever the pro-German officials who since the start of the war have been reported as hindering Russian participation with the entente against Germany.
Three days of intermittent fighting preceded the assumption of full control by the revolutionists. The principal clashes occurred in the cities of Petrograd and Moscow. There many houses were burned.
Dispatches from the Russian capital today said the Czar's minister has been captured including Premier Sturmer and Minister of the Interior Protopopoff. These two were later released.
The provincial government it was said has established a governmental committee at Petrograd and Moscow.
In Petrograd at least the Russian army garrison sided in the coup d'etat by the revolutionists.
The new government in Russia is pro-ally. It is likely to be more pro-ally than was the former bureaucratic Russian government.
One of the main causes for the overthrow of the Czar's government was the repeated charge that his officers were of pro-German leanings.

Afflicted with Second Stroke This Morning—Ill For Some Time

Benjamin Sykes, superintendent of the Clearfield tannery, is lying in a very critical condition at his home near the tannery and his death is only the question of a few hours. Mr. Sykes had been in failing health for some time. A couple of weeks ago he fell and fractured one of his shoulders and about a week ago had a serious heart attack. Yesterday morning he suffered a stroke of paralysis, which was followed by a second stroke this morning. His entire left side is totally paralyzed and his physicians say his death is the question of hours.

"GOD'S COUNTRY AND THE WOMAN"

Special at the Globe Today and Tomorrow

Far away, in the timberlands of the north, lived Josephine Adare, whose face plainly bore an expression of sorrow and anxiety. Up to this came Philip Weyman, to spend a year.

The man meets the woman and falls in love with her. Through the long, bitter northern winter he travels with her, knowing neither where he is going nor what he is going to do. To aid her plans they are married, but in name only. She then takes him to the home of her father, John Adare, a rugged woodsman, where she tells him to pose as the father of a baby which she shows him.

Then, on one eventful day, the infant dies. After the child's death, Philip notices unusual activity about the camp, and suspects that Josephine's enemies are near. Though he knows not who they are, he long to fight them; but Jean Croisset, Josephine's half-breed protector, who had also been assisting her in her trouble, tells him that he can do nothing but wait for orders from her. Josephine's ferocious wolfhounds have grown to love Philip as they do their mistress.

Some time later Josephine is called to another village to tend a sick child. Jean follows to protect her; Philip trails him with the dogs, and learns that she had been kidnapped by Lang, who, Jean tells him, was responsible for all her troubles. Philip rouses all the woodsmen who love Josephine for her kindness and they set out to rescue her.

After travelling for some time, the rescue party traps the villainous gang in their lair, "Devil's Nest." Here Lang and his men barricade the doors and windows and prepare for the attack. A terrible battle ensues, and Lang's followers find themselves hemmed in. In the midst of the battle Jean is shot and before he dies calls Philip to his side. He tells him how, a year before, Josephine's mother had fallen into Lang's clutches while her husband was away, and of the birth of the child, which Josephine had claimed her own. The story told, the faithful half-breed died, with a parting injunction to Philip to kill Lang and destroy the incriminating papers in his possession. In a lull in the fighting Lang tries to escape. In the struggle Lang manages to gain the upper hand and reaches for his knife. Seeing his danger, Josephine releases the dogs, with a command to kill. The shaggy beasts leap upon the struggling forms, single out Lang, and greatly mangle his body. Philip tells her that he knows all, and that she need no longer fear for her mother's honor. She tells him that she has always loved him, and Philip looks forward to a happy future—in God's country.

It beats the Dutch how lucky those Germans are. Heretofore have sunk another American boat; the torpedo did not do the job to their liking so they shelled her. She was sunk without warning. The crew was left to look out for themselves and the miraculous part of it is that all were saved. According to the view of the United States Government, Germany has not committed an act of war because no American lives were lost. How they can continue to pull off these stunts and not commit that "overt act" almost leads one to think that there is something supernatural governing their actions. They continue to take chances. We all know the history of gamblers. They will lose in the end. The "overt act" will yet be committed.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Camel Cigarettes

are wide-open for comparison with any cigarette at any price! Most sensitive smokers appreciate the pleasure of Camel quality, purity and wholesomeness. They prefer it to premiums or coupons! Camels are free from any unpleasant cigarette after-taste!

Camels are *blended* choice Turkish and choice Domestic tobaccos; you'll prefer their flavor and mild smoothness to either kind of tobacco smoked straight! That desirable, satisfying "body" is all there—without any comeback!

Camels are sold everywhere in specially sealed packages, 20 for 10c; or ten packages, (200 cigarettes) in a glassine paper-covered carton for \$7.00. We strongly recommend this carton for the home or office supply or when you travel.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Rub Backache away with small trial bottle of old, penetrating "St. Jacob's Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Use a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and is recommended for 60 years.

"FEAR OF STARVATION" TREATED AS A DISEASE

(By United Press)

Amsterdam, Feb. 18.—(By Mail)—An article is being widely printed in Germany dealing with the control of a new "war disease," that German doctors have to combat. Having met and defeated the old war diseases, cholera, typhus, spotted fever and smallpox, they now face "psychological starvation."

"This disease," says the article, "is of a much more difficult character, as it is mental and is quickly spread from one sufferer to another. It is found, strangely enough, in peaceful countryside where war's alarms have not penetrated."

"It is first a fear of starvation and out of this fear rises a sort of psychological hunger. This confusion of

ideas is sometimes exciting, sometimes crippling, and robs one of courage and sense.

"Fear of starving will cause men to make luxurious use of available supplies, to use all sorts of tricks in order to attempt to cover themselves with a reserve layer of fat for times of still greater scarcity."

"In thousands of letters, mostly written by women, the writers speak of nothing else but the fear of ultimate starvation."

THINK GERMANY WANTS U. S. IN THE WAR

(By United Press)

Rome, Italy, Feb. 13.—(By Mail)—Germany's diplomacy is not so much statesmanship as trickery. This is the opinion in certain allied circles here today.

Many think Germany really wants to draw United States into the war. These say that her recent announcement of an "unrestrained submarine campaign" has this purpose among others.

Germany is now certain that she can not win the war, it is asserted. Consequently she is beginning to intrigue for her future position in Europe.

BROTHERHOOD

It is a great word. It expresses all that is good in the instincts of a man. Webster defines it as "the state or quality of being a brother." Not necessarily of the flesh but in spirit, in the desire to help and be of service to all bearing semblance to man and born in the image of Christ. The doctrine of "Am I my brother's keeper?" has been preached since the Prince of Peace came on earth but it is only within recent years that so broad a construction has been put on man's brotherhood of man and of our relations to one another. Brotherhood at one time was thought to mean only a form of charity. It was brought into being only as a means of helping those in adversity. Men looked upon it as a sort of insurance in time of stress. Today brotherhood has a deeper significance. Brotherhood today is protection and prevention at the same time. Counsel and advice are freely given to men by their spiritual brothers and those linked to them by ties of fellowship fostered by organizations. Our truest brothers today are not always our brothers of flesh but our brothers of the spirit prompted by The Spirit of a Living God. It is this brotherhood that ennobles and elevates man through service to his brotherman. The spirit is growing. The big idea is taking hold of men in all walks of life. The Big Brother movement is an outcome of the spirit of brotherhood. The "Big Brothers" in the cities look out for the little brothers—boys who have not had proper home influences—boys who have been lured by the siren voice of crime, until now almost every police court in our cities has within its confines a working member of the "Big Brothers" who take the small lads and give them a new view of life. A fuller expression of the spirit of brotherhood is being manifested every day in our individual lives.

Mrs. John Wriglesworth, of Hopburnia was a recent visitor to the home of Mr. and Mrs. Henry Heitsenrether. Mrs. Heitsenrether who has been confined to her bed for the past six weeks with pneumonia and gripe is not improving as fast as her many friends would like.

Charles Young is housed in with tonsillitis.

Celia Spangole died of heart failure at the home of her grandparents, Mr. and Mrs. John H. Norris, March 11th, 1917, age 21 years, 3 months and 18 days. While her health was never good her death was unexpected, and her departure will be mourned by her many friends, as she was always alert at the time of sickness or distress endeavoring in many ways to administer relief and cheer.

The funeral being unusual in impressive as the organ pealed a solemn strain the mother placed the last comfort robe over the remains only repeating the same seven weeks previous at the departure of her husband. A male quartet composed of G. M. Clute, A. L. Frank, Dr. H. A. Blair and C. C. McGee rendered the following selections: "Come Unto Me" "Asleep in Jesus" and "Nearer My God to Thee." The pallbearers were: William Holden, Bruce Robison, Hershel Elder, Sherman Bloom and Roy Williams. The floral tributes were many and beautiful.

Funeral services were conducted by Rev. J. Mox Laird at the Methodist church Tuesday afternoon at 2 o'clock where the deceased held a membership.

She is survived by her mother and one sister, Mrs. Henry Hill of Endicott, N. Y.

Interment was made in Oak Hill cemetery. James L. Smith, funeral director.

Mrs. Charles Sawtelle is visiting her parents, Mr. and Mrs. Samuel Boyce in Bellefonte.

S. Alfred Smeal and Ethel Evans, both of Curwensville, were united in matrimony Wednesday at 10:30 A. M. at the Methodist parsonage by the Rev. J. Max Lentz. These young people are well and favorably known to a large circle of friends who follow them with every congratulatory wish for a happy wedded life. They left for a week's visit to the East and will take up house-keeping on the farm of the groom near Curwensville upon their return from the honeymoon.

They were attended by the bride's sister Miss Edith Evans and cousin Carl Leathers. Mrs. Smeal is a graduate of the Curwensville High school. An excellent wedding dinner was served at the bride's home preceding the departure of the happy couple on their honeymoon.

Funeral service of Samuel Zattone, aged 7 years, little son of Mr. and Mrs. Rudolph Zattone who died at his home, North 11th street Monday evening, March 12, of whooping cough and pneumonia was held this afternoon at two o'clock. Rev. Joseph H. Cooke, pastor of the Baptists church officiating. He was a bright little lad and well liked by his little school mates, the school children sending beautiful flowers.

William Bell, of Chestnut Ridge was seriously hurt in a fall of clay while at work in the clay mines for the Bickford Fire Brick Co. Tuesday afternoon. It took several men to remove the large piece of clay that had fallen on him.

The following from town were among the number of the Birthday club entertained at the home of Mrs. Ira Smeal in Clearfield today: Mrs. Robert McClure, Mrs. William McDonald, Mrs. Charles Maurey, Mrs. Ed. Moore, Mrs. Samuel McKenrick, Mrs. Joe Hips, Mrs. William Hips, Miss Irene McKenrick and Margaret Hips.

S. S. Young, who has been employed for some time with the Elk Tanning company, has returned from a trip to the south.

The P. R. R. is erecting a new brick passenger station at the Bickford Fire Brick company's plant. The new building will be heated with steam and when finished will be the most up to date station for its size along this line. This will be a great accommodation for the people and also for those who come from near Grampian to work, as the other place for waiting was an open shed as most flag stations are.

The local Pythian lodge have made arrangements for the moving picture "Damon and Pythias" to be shown at the opera house March 30.

Mrs. George Bilger, of Bloom township, is visiting her son, Frank Bilger on Irwin Hill.

Mrs. George Stone is visiting relatives in town.

The little 2-year-old daughter of Mr. and Mrs. Monroe Bloom near Chestnut Ridge, is seriously ill with pneumonia.

The foreigner who was badly hurt at the brick works Tuesday was taken to Clearfield for treatment.

Miss Ruth Law, who established a long-distance aviation record by flying from Chicago to New York, is now in Paris for the purpose of studying the development of aviation in France during the war.

MRS. GUERNSEY OF KANSAS SEEKS PRESIDENCY OF D. A. R.

(By United Press)

Washington, March 15.—A battle royal for the Presidency of the Daughters of the American Revolution will be fought by Mrs. George Tacher Guernsey of Independence, Kansas, at the national convention of the D. A. R. here the latter part of next month.

Mrs. Guernsey amazed the national organization by the thoroughness with which she came into the race prepared. It was known she sought the

place, but it was not known she had secretly secured the backing of 41 states on the basis of her outlined policy.

Mrs. George G. Squires of St. Paul, Mrs. John Miller Horton, of Buffalo, and Mrs. J. Hamilton Lewis of Illinois are Mrs. Guernsey's opponents for the presidency, which now is filled by Mrs. William Cuming Story of New York. Mrs. Story is said to favor Mrs. Lewis to succeed her.

Women letter carriers will soon be delivering mail in Paris.

COULDN'T CLOSE SALOONS, SO TRY GROCERY STORES

Buenos Aires, March 15.—Having tried and failed to close the saloons on Sunday the Buenos Aires city government is making a similar experiment with the grocery stores. The idea is to close the stores a day's rest a week. It is not a religious movement. Most grocery stores really do stop their front entrances, but which the saloons never did, but they do a tremendous side door trade.

A Spring Opening of Note

Thursday Evening, March 15, 1917. 7:30 to 9:30

All through the store there will be new spring merchandise and all of it is worthy of particular mention, for instance, the second floor shows a riot of colors; the styles and designs are entirely new.

The New Millinery Section is Ready!

Under the personal direction of Mrs. Daisy Thorn Johnson, we are showing for the first time the New York "character hat"—the one that New York women are so enthusiastic about. It can be worn on any occasion.

Distinct new styles in afternoon and evening hats—sport hats—suit hats and children's ready-to-wear hats.

Ladies' Ready-to-Wear

The new dress and sport suits will be given a complete showing for the first time during the opening days. Beautiful new silk suits will also be on display.

The new styles in coats this season gives the greatest variety—new ideas in oddly designed collar effects, pockets and belted figures—the best ideas ever shown on garments.

The new high colors in mustard, citrus, new and old gold, apple green, magenta, reseda, taupe, tans, and greys are shown in every desirable style.

New Dress, Waist and Skirt Silks

These will be shown at the dress goods counter in greatest variety of the new styles.

Children's Wear

The annex should have an opening by itself. The high shades from the second floor reflect themselves in the garments for the little ones. Hats, bonnets and caps to match the coats.

Visit the Other Floors

During the opening we cordially invite you to visit the other floors. There's many an item on the third, fourth and fifth floor that you'll be glad to see and admire.

It's just time. Don't struggle today with a cold or nasty catarrh—relief comes so quickly.

As The Season Advances The Displays of New Spring Goods Becomes More Interesting

Each day some new express package brings to light some new style Spring. Of late we've received further shipments of Waists, Handbags, Neckwear, Separate Skirts, Dresses and new Silks. So that each visit to our store from now on will reveal to you much pleasing style information.

THE NEW DRESSES

How shall we express the new styles in the new dresses? Possibly but a single word will suffice—and that is "Beautiful." But you will want to know more about the styles, so we will say that the dresses are to be in the new all-houlette effects. The skirts are a trifle in the barrel idea while in others the draped effects are much in evidence. The waists have ample fullness so as to make them look full and fluffy. And such wonder effects in Persian and Oriental ideas! We feel we might get too enthusiastic over the new dresses and tell you so much about them that it would take up too much of your time reading. So give our dress section a half hour of your time. There is much to be gained in fashion information in this half hour.

\$16.50 Special Sale of Smart New Spring Silk Dresses This Week \$16.50

We have raised the standard of value in these dresses. For the dresses are prettier than any we've seen sold at this price. The variety is broad enough to satisfy any preference. The designs striking and unique—in keeping with the fashion idea for spring. Every woman who sees the dresses will fall in love with them. You could not possibly make one at the price and have the smart style which characterizes every one of them.

RUSSIAN GOVERNMENT TOTTERING

Brotherhoods Will Modify Their Plea For Big Overtime

Will Be Satisfied With Pro Rata Payment For Overtime Instead of Time and Half Time

JOINT MEETING IS BEING HELD TODAY

(By United Press)
New York, March 14.—Bulletin—Railroad Brotherhood leaders and representatives of the railroad heads will meet in New York today to discuss the eight hour day. Neither side showing any indications of yielding. The possibility of intervention by President Wilson to avert the strike is looked for.

The Brotherhoods have modified their demands asking for an eight hour day with pro rata pay for overtime. The demand March 1916 was an eight hour day with time and a half for overtime.

The proposed strike will start in the east Saturday night and work westward tying up all the freight lines by Wednesday night at six. At that hour the strike will effect all passenger trainmen.

The first managers attending the eight hour conference arrived at headquarters today gave out "unofficially" that the railroad heads are inclined to compromise with the Brotherhoods.

It was said that the railroad managers would negotiate with the Brotherhoods hoping to prevent a strike until Monday when it is believed the supreme court will make known its decision regarding the constitutionality of the Adamson eight hour law.

The railroad managers and representatives of the four big Brotherhoods went into conference at the Grand Central Terminal promptly at 11:30. The railroad Brotherhood representatives were cordially greeted by every member of the railroad's conference committee as they walked into the room.

Realizing that the strength of the combined Brotherhoods must be known by this time the representatives of the four big Brotherhoods presented to the railroad managers a resolution passed at the recent meeting held in Chicago giving the railroad Brotherhood chiefs the right to call a strike.

The resolution is as follows: "Resolved, That if the Supreme court finds that the Adamson law is in violation of the constitution that this body go on record as authorizing its chief executives of the four organizations representing this body to convene in general committee any railroad or group of railroads and proceed as they deem best with full authority to call all men representing the four Brotherhoods on strike if necessary."

At 12:35 the meeting adjourned and the men went to lunch.

W. G. Lee of the Brotherhood told newspaper men that nothing would be given out for publication until after four this afternoon, when an adjournment may be taken.

ANOTHER LARGE FIRE AVERTED BY ALERTNESS

Blaze Last Night at Seven O'clock Started From Electric Heater On Third Floor

CURRENT HAD BEEN LEFT ON

The fire alarm which sounded last evening about 7:45 for a slight blaze at Leitzinger's store served to demonstrate the unusual promptness and efficiency of Clearfield's Volunteer fire department and should go a long way toward convincing the townspeople generally that every dollar put into fire department expense and equipment is really a dollar invested for the future, where proper returns are absolutely necessary.

Thanks to the fact that each company possesses desirable quarters a large number of the members of each company were about their respective hose houses and when the alarm sounded were on the job like regulars and within five minutes from the time "Mooley" opened all four companies were at the scene of the fire with their apparatus.

Fortunately their services were not needed this time, but they were "Johnnyes on the spot."

The fire occurred on the third floor of the huge Leitzinger store and was caused by the business end of an electric water heater coming in contact with the lace curtains on the front window. The heater was used for heating water and when last used was allowed to hang on its cord along the window, the electrode resting among the folds of the window curtain. When the lights were snapped off in the office the juice was shut off from the heater, but as it had not been turned off at the socket where it was attached, when the lights were again turned on last evening, while one of the members of the firm was doing some work after supper, the heater got its full share of juice and a few minutes after the flimsy curtains burst into flames.

Chief McHenry and Officer Eddie, who were standing opposite, saw the blaze and with several citizens pushed across the street into the store and with the assistance of A. E. Leitzinger, who was in the office at the time, he had the curtains down and a bucket of water ended the excitement.

ADVISES GERMAN BARBERS TO BACK WILSON

(By United Press)
New York, March 15.—The German proprietor of a string of barber shops here today sent a circular to all of his foreign born employees urging them to "stand behind the President, what ever decision he may make."

The writer is a native of Germany who has made all he has in the United States.

"You, or your fathers before you," says the letter, "came to this country seeking social and political liberty. That you should retain in your heart the love of your Fatherland is but natural. But now that the country of our adoption is itself threatened by the danger of war in the defense of the honor and integrity of its people and its institutions, there is no allegiance which can be yours save that single, absolute and undiluted allegiance to America."

"Stand behind her as one man in her hour of crisis, even though you be brought into conflict with your own blood and bone."

7 YEAR OLDS WRITE ESSAYS ON LLOYD GEORGE

(By United Press)
London, Feb. 25.—(By Mail)—A teacher in the Harrow district asked a class of boys and girls whose age average 7 years to write essays on Lloyd George. The results included these paragraphs:

Lloyd George is a very brave soldier. He is King of Parliament. They are trying to poison him.

He has won many battles. He has thousands of soldiers.

King George is King of England but Lloyd George is King for the war. He is a Welshman but speaks English.

He has lots of soldiers and he tells them what to do so as to win the war. He only lets the people have 4 lb of bread.

Lloyd George is a good King and the Germans have tried to poison him.

TARIFF BOARD MEMBER REMEMBERED IN HOUTZDALE

David T. Lewis who was appointed a member of the Tariff Board from the state of West Virginia is well remembered around Houtzdale, Ramoy and Brisbin. Young Davy Tom Lewis as he was known there came to the home of Joseph Harrison, a friend minister of Houtzdale at the age of about thirteen and made his home there for several years. He was practically an orphan, his mother being dead and his father unable to care for him. Rev. Harrison befriended him and it is probably to his guidance that the young member of the Tariff Board owes his success. It is said that when young Lewis came into the home of the Harrison he asked Mrs. Harrison if he might not call her "mother," that he desired to have a mother and be treated as one of the family. His request was not denied and he is still regarded as one of that family.

Mrs. R. C. Shaw of this city is a daughter of the Rev. Joseph Harrison and was much pleased to hear of the success of the young man who was a member of their household.

Wright lot on Corner of Third and Market Leased for Show House

We are informed that negotiations have been concluded which will result in a moving picture theatre being located on the W. V. Wright homestead lot on Third street, opposite the Windsor hotel. A temporary structure in the nature of a tent constructed for the purpose will be erected and the theatre opened just as soon as it is possible to get the stuff on the ground.

A CLEARFIELD COUNTY BOY

Judge I. L. Albert, the new United States Senator from Nebraska, is a native of Decatur township, Clearfield county, being a member of that well known family which has resided in Decatur township for four generations.

Senator Albert is a brother of Mrs. W. I. Curley of South Second street, and visited her several months ago. He has long occupied a prominent place in political circles in Nebraska and his success is only another evidence of the pluck, perseverance and ability of the Clearfield county boy who goes out into the world to wage life's battles. They can generally be depended upon to take care of themselves, and we rejoice with Senator Albert's host of Clearfield county relatives and friends over his remarkable political success and achievement.

SLIGHT FIRE IN WRIGLEY ADDITION

There was a slight fire in one of the tenement houses in the Wrigley addition just outside the borough limit last evening about 5:30 o'clock, but it was fortunately extinguished without a general alarm having been sounded. Very little damage was done.

Duma And Army, Both Powerful Elements in National Life Are Behind Revolution

WOMEN'S CLUB TO CONTINUE ITS RELIEF WORK

Enthusiastic Meeting Held At Home of Mrs. Thayer; Paper Read By Mrs. W. O. Wilson

BELGIUM FUNDS GO SAFELY

The Women's club met Tuesday afternoon in regular bi-monthly session at their clubrooms, the president, Mrs. H. Clary Thayer, presiding.

The committee on Belgian Relief work reported two hundred and forty dollars (\$240) donated by the people of Clearfield. This sum will keep 20 children from starvation for one year.

A motion to make the present committee on Belgian relief consisting of Mrs. Philip Reed, chairman, Mrs. John Martin, Mrs. Musser and Mrs. Webb Shillingford, a permanent one, was carried. This is done in the hope that each month amounts, large or small, will be given by our community toward this much needed work. Twelve dollars will keep one child for one year. If there can be found 120 people who will pay 10c per month, such month will see one more child provided against starvation for a year.

Let us not forget, nor neglect the suffering children of Belgium.

The club at request of Mrs. Thayer unanimously pledged their help in case of need to the Red Cross units already organized in Clearfield.

Mrs. W. O. Wilson, assisted by Mrs. E. J. Bouton, had charge of the program on the Home Maker's Responsibility and Health in Our Town.

Mrs. Wilson's very excellent paper defined what health in relation to the individual means to the community and how we can help in the prevention of disease in our town. To the individual she recommended plenty of fresh air and sunshine, frequent cold baths to tone up the nerves and bring the glow of health to the skin and proper clothing to prevent even the slightest chilliness which is so uncomfortable and often leads to serious results.

One very forceful suggestion was made concerning community health in regard to the cleaning of our streets. Dust which is allowed to gather on pavements, is blown about, carrying all manner of germs with it, and is a constant menace to health. Paved streets should be cleaned several times a week. Unpaved streets should be sprinkled daily in summer during dry weather.

Mrs. Bouton condemned the habit of eating talk which was partly reminiscent, as she told of instances in which sanitation has improved over the "good old days." Today we work along lines of prevention instead of holding to the theory that every child must have certain diseases. But even though we have all the present day helps, there is room for improvement. It is only by considering our neighbor and complying with written and unwritten laws in regard to sanitation that we can make our town the best place in which to live.

Mrs. Bouton condemned the habit of worry to which Americans seem especially addicted, as a real disease, which poisons the system and carries many ills in its wake, besides doing absolutely no good. It is a contagious disease for which there is no quarantine, so let us beware of it. It can be cured by patience and persistent effort, and without it life will be richer and sweeter to all around us.

The club was much indebted to the above mentioned ladies who gave such a successful program.

Mr. Hoover, who has charge of the relief work of the United States has sailed back to Europe, but before leaving stated that although the United States would carry on the Belgium

Pro-German Officers in The Russian Government Are to be Deposed and Pro-Ally Men Put in Their Places

CZAR NICHOLAS IS LIKELY TO ABDICATE

By Ed. L. Keen

London March 14.—The revolution has succeeded in Russia. The Czar may abdicate, the Duma and the army—both powerful elements—are combined for overthrowing the government.

The object was to drive out of the government forever the pro-German officials who since the start of the war have been reported as hindering Russian participation with the entente against Germany.

Three days of intermittent fighting preceded the assumption of full control by the revolutionists. The principal clashes occurred in the cities of Petrograd and Moscow. There many houses were burned.

Dispatches from the Russian capital today said the Czar's minister has been captured including Premier Sturmer and Minister of the Interior Protopopoff. These two were later released.

The provincial government it was said has established a governmental committee at Petrograd and Moscow.

In Petrograd at least the Russian army garrison sided in the coup d'etat by the revolutionists.

The new government in Russia is pro-ally. It is likely to be more pro-ally than was the former bureaucratic Russian government.

One of the main causes for the overthrow of the Czar's government was the repeated charge that his officers were of pro-German leanings.

Benjamin Sykes Is Not Expected To Survive

Seventh and Eighth Grade Classes Will Repeat Delightful Performances

Benjamin Sykes, superintendent of the Clearfield tannery, is lying in a very critical condition at his home near the tannery and his death is only the question of a few hours. Mr. Sykes had been in failing health for some time. A couple of weeks ago he fell and fractured one of his shoulders and about a week ago had a serious heart attack. Yesterday morning he suffered a stroke of paralysis, which was followed by a second stroke this morning. His entire left side is totally paralyzed and his physicians say his death is the question of hours.

"GOD'S COUNTRY AND THE WOMAN"

Special at the Globe Today and Tomorrow

Far away, in the timberlands of the north, lived Josephine Adare, whose face plainly bore an expression of sorrow and anxiety. Up to this came Philip Weyman, to spend a year.

The man meets the woman and falls in love with her. Through the long, bitter northern winter he travels with her, knowing neither where he is going nor what he is going to do. To aid her plans they are married, but in name only. She then takes him to the home of her father, John Adare, a rugged woodsman, where she tells him to pose as the father of a baby which she shows him.

Then, on one eventful day, the infant dies. After the child's death, Philip notices unusual activity about the camp, and suspects that Josephine's enemies are near. Though he knows not who they are, he long to fight them; but Jean Croisset, Josephine's half-breed protector, who had also been assisting her in her trouble, tells him that he can do nothing but wait for orders from her. Josephine's ferocious wolfhounds have grown to love Philip as they do their mistress.

Some time later Josephine is called to another village to tend a sick child. Jean follows to protect her; Philip trails him with the dogs, and learns that she had been kidnapped by Lang, who, Jean tells him, was responsible for all her troubles. Philip rouses all the woodsmen who love Josephine for her kindness and they set out to rescue her.

After travelling for some time, the rescue party traps the villainous gang in their lair, "Devil's Nest." Here Lang and his men barricade the doors and windows and prepare for the attack. A terrible battle ensues, and Lang's followers find themselves hemmed in. In the midst of the battle Jean is shot and before he dies calls Philip to his side. He tells him how, a year before, Josephine's mother had fallen into Lang's clutches while her husband was away, and of the birth of the child, which Josephine had claimed her own. The story told, the faithful half-breed died, with a parting injunction to Philip to kill Lang and destroy the incriminating papers in his possession. In a lull in the fighting Lang tries to escape. In the struggle Lang manages to gain the upper hand and reaches for his knife. Seeing his danger, Josephine releases the dogs, with a command to kill. The shaggy beasts leap upon the struggling forms, single out Lang, and greatly mangle his body. Philip tells her that he knows all, and that she need no longer fear for her mother's honor. She tells him that she has always loved him, and Philip looks forward to a happy future—in God's country.

It beats the Dutch how lucky those Germans are. Heretofore have sunk another American boat; the torpedo did not do the job to their liking so they shelled her. She was sunk without warning. The crew was left to look out for themselves and the miraculous part of it is that all were saved. According to the view of the United States Government, Germany has not committed an act of war because no American lives were lost. How they can continue to pull off these stunts and not commit that "overt act" almost leads one to think that there is something supernatural governing their actions. They continue to take chances. We all know the history of gamblers. They will lose in the end. The "overt act" will yet be committed.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Camel Cigarettes

are wide-open for comparison with any cigarette at any price! Most sensitive smokers appreciate the pleasure of Camel quality, purity and wholesomeness. They prefer it to premiums or coupons! Camels are free from any unpleasant cigarette after-taste!

Camels are *blended* choice Turkish and choice Domestic tobaccos; you'll prefer their flavor and mild smoothness to either kind of tobacco smoked straight! That desirable, satisfying "body" is all there—without any comeback!

Camels are sold everywhere in specially sealed packages, 20 for 10c; or ten packages (200 cigarettes) in a glassine paper-covered carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Rub Backache away with small trial bottle of old, penetrating, "St. Jacob's Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Use a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and is recommended for 60 years.

PROPOSALS WANTED

Notice is hereby given that sealed bids will be received by the Commissioners of Clearfield County at their office in the Court House, in the Borough of Clearfield, until 11:00 o'clock A. M. on Wednesday, March 14th 1917, for the construction of one 10' 0" Concrete Arch Bridge over Gen. Bell Creek, near Leonard station as per drawings and specifications on file in the Commissioners' office. Drawings can be secured from C. A. Flink, Consulting Engineer, Commonwealth Trust Building, Harrisburg, Pennsylvania, on payment of \$2.50 per copy. Proposals must be submitted upon blanks furnished by the county or Mr. Flink.

Bidders must deposit with the clerk a certified check, to amount of Three Thousand (\$3,000) Dollars, made payable to Clearfield County prior to the time when bids will close, as a guarantee of good faith. Checks of unsuccessful bidders will be returned to them after the bids have been opened.

Proposals will be publicly opened at the Commissioners' Office at 1:00 o'clock P. M., the same day. The successful bidder will be required to execute corporate bond in a sum equal to the bid for the faithful performance of the contract.

General information will be furnished upon application at the office of the County Commissioners, Clearfield, Pa.

The Commissioners reserve the right to reject any or all bids.

"FEAR OF STARVATION" TREATED AS A DISEASE

(By United Press)

Amsterdam, Feb. 18.—(By Mail)—An article is being widely printed in Germany dealing with the control of a new "war disease," that German doctors have to combat. Having met and defeated the old war diseases, cholera, typhus, spotted fever and smallpox, they now face "psychological starvation."

"This disease," says the article, "is of a much more difficult character, as it is mental and is quickly spread from one sufferer to another. It is found, strangely enough, in peaceful countryside where war's alarms have not penetrated."

"It is first a fear of starvation and out of this fear rises a sort of psychological hunger. This confusion of

ideas is sometimes exciting, sometimes crippling, and robs one of courage and sense.

"Fear of starving will cause men to make luxurious use of available supplies, to use all sorts of tricks in order to attempt to cover themselves with a reserve layer of fat for times of still greater scarcity."

"In thousands of letters, mostly written by women, the writers speak of nothing else but the fear of ultimate starvation."

THINK GERMANY WANTS U. S. IN THE WAR

(By United Press)

Rome, Italy, Feb. 13.—(By Mail)—Germany's diplomacy is not so much statesmanship as trickery. This is the opinion in certain allied circles here today.

Many think Germany really wants to draw United States into the war. These say that her recent announcement of an "unrestrained submarine campaign" has this purpose among others.

Germany is now certain that she can not win the war, it is asserted. Consequently she is beginning to intrigue for her future position in Europe.

BROTHERHOOD

It is a great word. It expresses all that is good in the instincts of a man. Webster defines it as "the state or quality of being a brother." Not necessarily of the flesh but in spirit, in the desire to help and be of service to all bearing semblance to man and born in the image of Christ. The doctrine of "Am I my brother's keeper?" has been preached since the Prince of Peace came on earth but it is only within recent years that so broad a construction has been put on man's brotherhood of man and of our relations to one another. Brotherhood at one time was thought to mean only a form of charity. It was brought into being only as a means of helping those in adversity. Men looked upon it as a sort of insurance in time of stress. Today brotherhood has a deeper significance. Brotherhood today is protection and prevention at the same time. Counsel and advice are freely given to men by their spiritual brothers and those linked to them by ties of fellowship fostered by organizations. Our truest brothers today are not always our brothers of flesh but our brothers of the spirit prompted by The Spirit of a Living God. It is this brotherhood that ennobles and elevates man through service to his brotherman. The spirit is growing. The big idea is taking hold of men in all walks of life. The Big Brother movement is an outcome of the spirit of brotherhood. The "Big Brothers" in the cities look out for the little brothers—boys who have not had proper home influences—boys who have been lured by the siren voice of crime, until now almost every police court in our cities has within its confines a working member of the "Big Brothers" who take the small lads and give them a new view of life. A fuller expression of the spirit of brotherhood is being manifested every day in our individual lives.

Mrs. John Wriglesworth, of Hopburnia was a recent visitor to the home of Mr. and Mrs. Henry Heitsenrether. Mrs. Heitsenrether who has been confined to her bed for the past six weeks with pneumonia and gripe is not improving as fast as her many friends would like.

Charles Young is housed in with tonsillitis.

Celia Spangole died of heart failure at the home of her grandparents, Mr. and Mrs. John H. Norris, March 11th, 1917, age 21 years, 3 months and 18 days. While her health was never good her death was unexpected, and her departure will be mourned by her many friends, as she was always alert at the time of sickness or distress endeavoring in many ways to administer relief and cheer.

The funeral being unusual in impressive as the organ pealed a solemn strain the mother placed the last comfort robe over the remains only repeating the same seven weeks previous at the departure of her husband. A male quartet composed of G. M. Clute, A. L. Frank, Dr. H. A. Blair and C. C. McGee rendered the following selections: "Come Unto Me" "Asleep in Jesus" and "Nearer My God to Thee." The pallbearers were: William Holden, Bruce Robison, Hershel Elder, Sherman Bloom and Roy Williams. The floral tributes were many and beautiful.

Funeral services were conducted by Rev. J. Mox Laird, at the Methodist church Tuesday afternoon at 2 o'clock where the deceased held a membership.

She is survived by her mother and one sister, Mrs. Henry Hill of Endicott, N. Y.

Interment was made in Oak Hill cemetery. James L. Smith, funeral director.

Mrs. Charles Sawtelle is visiting her parents, Mr. and Mrs. Samuel Boyce in Bellefonte.

S. Alfred Smeal and Ethel Evans, both of Curwensville, were united in matrimony Wednesday at 10:30 A. M. at the Methodist parsonage by the Rev. J. Max Lentz. These young people are well and favorably known to a large circle of friends who follow them with every congratulatory wish for a happy wedded life. They left for a week's visit to the East and will take up house-keeping on the farm of the groom near Curwensville upon their return from the honeymoon.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

JOB VACANT IN STATE HIGHWAY DEPARTMENT

CLASS LUNCHEON

The Sunday school class No. 10 will serve a ten cent lunch in the Lutheran church dining room on Friday, March 16th, from 3:00 until 3:00 o'clock. Veal salad, pepper hash, bread and butter sandwiches, and coffee will be served for ten cents. Ice cream and cake will be served extra. Let us support these young ladies for in the years to come they will be the stay and support of the congregation. M-14-2tc

The following from town were among the number of the Birthday club entertained at the home of Mrs. Ira Smeal in Clearfield today: Mrs. Robert McClure, Mrs. William McDonald, Mrs. Charles Maurey, Mrs. Ed. Moore, Mrs. Samuel McKenrick, Mrs. Joe Hips, Mrs. William Hips, Miss Irene McKenrick and Margaret Hips.

S. S. Young, who has been employed for some time with the Elk Tanning company, has returned from a trip to the south.

The P. R. R. is erecting a new brick passenger station at the Bickford Fire Brick company's plant. The new building will be heated with steam and when finished will be the most up to date station for its size along this line. This will be a great accommodation for the people and also for those who come from near Grampian to work, as the other place for waiting was an open shed as most flag stations are.

The local Pythian lodge have made arrangements for the moving picture "Damon and Pythias" to be shown at the opera house March 30.

Mrs. George Bilger, of Bloom township, is visiting her son, Frank Bilger on Irwin Hill.

Mrs. George Stone is visiting relatives in town.

The little 2-year-old daughter of Mr. and Mrs. Monroe Bloom near Chestnut Ridge, is seriously ill with pneumonia.

The foreigner who was badly hurt at the brick works Tuesday was taken to Clearfield for treatment.

Miss Ruth Law, who established a long-distance aviation record by flying from Chicago to New York, is now in Paris for the purpose of studying the development of aviation in France during the war.

MRS. GUERNSEY OF KANSAS SEEKS PRESIDENCY OF D. A. R.

(By United Press)

Washington, March 15.—A battle royal for the Presidency of the Daughters of the American Revolution will be fought by Mrs. George Tacher Guernsey of Independence, Kansas, at the national convention of the D. A. R. here the latter part of next month.

Mrs. Guernsey amazed the national organization by the thoroughness with which she came into the race prepared. It was known she sought the

place, but it was not known she had secretly secured the backing of 41 states on the basis of her outlined policy.

Mrs. George G. Squires of St. Paul, Mrs. John Miller Horton, of Buffalo, and Mrs. J. Hamilton Lewis of Illinois are Mrs. Guernsey's opponents for the presidency, which now is filled by Mrs. William Cuming Story of New York. Mrs. Story is said to favor Mrs. Lewis to succeed her.

Women letter carriers will soon be delivering mail in Paris.

COULDN'T CLOSE SALOONS, SO TRY GROCERY STORES

Buenos Aires, March 15.—Having tried and failed to close the saloons on Sunday the Buenos Aires city government is making a similar experiment with the grocery stores. The idea is to close the stores a day's rest a week. It is not a religious movement. Most grocery stores really do stop their front entrances, but which the saloons never did, but they do a tremendous side door trade.

A Spring Opening of Note

Thursday Evening, March 15, 1917. 7:30 to 9:30

All through the store there will be new spring merchandise and all of it is worthy of particular mention, for instance, the second floor shows a riot of colors; the styles and designs are entirely new.

The New Millinery Section is Ready!

Under the personal direction of Mrs. Daisy Thorn Johnson, we are showing for the first time the New York "character hat"—the one that New York women are so enthusiastic about. It can be worn on any occasion.

Distinct new styles in afternoon and evening hats—sport hats—suit hats and children's ready-to-wear hats.

Ladies' Ready-to-Wear

The new dress and sport suits will be given a complete showing for the first time during the opening days. Beautiful new silk suits will also be on display.

The new styles in coats this season gives the greatest variety—new ideas in oddly designed collar effects, pockets and belted figures—the best ideas ever shown on garments.

The new high colors in mustard, citrus, new and old gold, apple green, magenta, rose, taupe, tans, and greys are shown in every desirable style.

New Dress, Waist and Skirt Silks

These will be shown at the dress goods counter in greatest variety of the new styles.

Children's Wear

The annex should have an opening by itself. The high shades from the second floor reflect themselves in the garments for the little ones. Hats, bonnets and caps to match the coats.

Visit the Other Floors

During the opening we cordially invite you to visit the other floors. There's many an item on the third, fourth and fifth floor that you'll be glad to see and admire.

It's just true. Don't struggle with a cold or head-catch. Relief comes so quickly.

As The Season Advances The Displays of New Spring Goods Becomes More Interesting

Each day some new express package brings to light some new style Spring. Of late we've received further shipments of Waists, Handbags, Neckwear, Separate Skirts, Dresses and new Silks. So that each visit to our store from now on will reveal to you much pleasing style information.

THE NEW DRESSES

How shall we express the new styles in the new dresses? Possibly but a single word will suffice—and that is "Beautiful." But you will want to know more about the styles, so we will say that the dresses are to be in the new all-houlette effects. The skirts are a trifle in the barrel idea while in others the draped effects are much in evidence. The waists have ample fullness so as to make them look full and fluffy. And such wonder effects in Persian and Oriental ideas! We feel we might get too enthusiastic over the new dresses and tell you so much about them that it would take up too much of your time reading. So give our dress section a half hour of your time. There is much to be gained in fashion information in this half hour.

\$16.50 Special Sale of Smart New Spring Silk Dresses This Week \$16.50

We have raised the standard of value in these dresses. For the dresses are prettier than any we've seen sold at this price. The variety is broad enough to satisfy any preference. The designs striking and unique—in keeping with the fashion idea for spring. Every woman who sees the dresses will fall in love with them. You could not possibly make one at the price and have the smart style which characterizes every one of them.

GARDEN SEEDS Woodruff's Northern Grown

Produced on large Connecticut seed farm by growers whose object for the past fifty five years has been to furnish only the BEST TESTED SEEDS.

This is the line we handled last year, upon which we received so many favorable comments.

We sell them in BULK. The most profitable way to buy them.

On account of the extreme high prices on all food stuffs, indications are, that this will be a great garden year. Every fellow who has a two by four garden patch is going to do "intensive farming."

Our stock is now on sale and is commencing to move quite rapidly. suggest that you lay in your supply NOW before your favorite varieties are gone.

We also have a stock of choice lawn grass seed, clover seed, timothy seed and onion sets.
